

# Fall Harvests: Menus & Recipes That Celebrate Autumn's Bounty (Southern Seasons)

Fall Harvests is the first volume in the Southern Seasons, a series of menu cookbooks that embrace in-season foods that are indigenous to the South. Written especially for the home cook who wants to provide friends or loved ones with meals made from the finest of fresh foods, the book will inspire anyone who believes that everyday meals are occasions for joy and celebration. From Potato Scallion Biscuits and Plum Upside Down Cake (in August) to Honey Custard and Boiled Oysters with Beet Vinaigrette (in September) and roast Acorn Squash with Maple and Sweet Potato Pudding (in November), Fall Harvests is filled with delightful, mouth-watering recipes for southern foods that are at their freshest - and best - the autumn of the year. The sixteen menus and more than 90 recipes in this volume are all originals by the author, with respect paid to traditional southern cooking.
