

Black & Decker Complete Guide to DIY Greenhouses 2nd Edition: Build your own greenhouses, hoophouses, cold frames and greenhouse accessories

Find all of the most up-to-date information you need to design and equip your own greenhouse, all in one place! Black & Decker Complete Guide to DIY Greenhouses is a new edition to the popular Complete Guide to Greenhouses & Garden Projects. Laser-focused on building greenhouses for the home gardener, it's the most complete title on DIY greenhouses you'll find anywhere. Featuring full-color step-by-step photos and comprehensive how-to instructions, the book features full plans for structures that are designed to extend the gardening season. From ornate, Victorian style greenhouses to basic cold frames, you're sure to find a project that meets your needs and fits your space. In this new edition, you'll find several new plans to expand the range of options, including a geodesic-dome greenhouse, a custom greenhouse with a fieldstone foundation, more kit greenhouses, and even a super-efficient greenhouse built completely from upcycled building materials- the greenest greenhouse you'll find! Black & Decker Complete Guide to DIY Greenhouses gives an updated look at new materials and products, along with tips for siting and orienting, helps you make good design choices. Complete sections on heaters, ventilation and watering systems show you how to set up and operate your greenhouse for maximum benefit. Building a greenhouse, even a relatively complex stick-built style is a surprisingly easy DIY project and one that is sure to delight any gardener in your family.
