

# Napkins: The art of folding, adorning and embellishing

A fascinating introduction charts the story of napery, its etiquette and fashions, followed by inspirational projects for folding, decorating and embellishing napkins. It includes styles and looks to suit every design theme and table concept, from a simple summery blue-and-white outdoor meal to shimmering flower-adorned napkins for a wedding. It shows you how to make all the classical napkin folds and includes step-by-step projects throughout with easy-to-follow diagrams for all the folds.
