

The Art of the Table: A Complete Guide to Table Setting, Table Manners, and Tableware

A treasure trove of timeless information, this complete guide is to the table what Joy of Cooking is to the kitchen. Von Drachenfels shows us how to select, lay and use tableware to enhance any dining experience, and how to properly store and care for it -- whether its your grandmothers porcelain or everyday stainless steel. She provides guidance on mixing and matching tableware patterns; the basics of coffee, tea, and wine; menu planning; napkin folding, and the proper service techniques for all types of entertainment. So as not to let the lore of the table fall away, she delves deep into the history of specific tableware and the customs we keep, making todays practices understandable. For the novice host, this is an easy-to-follow, step-by-step guide with more than 100 useful illustrations. For the host with more experience, it is a rich and exciting source of new ideas. Like its author, whose passion for the table is contagious, The Art of the Table is an authoritative, elegant, and sophisticated resource for all ones dining needs.
