

Seasonal Table Settings: 21 Designs Inspired by Nature

Let nature's bounty guide your table decorations. That's what Catharina Lindeberg-Bernhardsson thinks when she creates her inspired seasonal settings. View 21 table settings, all imaginatively designed and each with a distinctive character. You'll find spring flowers embedded in grass, colorful cabbage heads for a party in the country, boxes of seed potatoes with candles as the only embellishment, and tables with the food served on a bed of moss. There are edible and environmental settings, too. Each season is represented, displaying holiday themes like Christmas, Easter, and Halloween. These table settings might look advanced, but they are easy to arrange. You'll find most of the decorative items in the woods, in the meadow, or in the garden. This personal collection of settings, along with beautiful color photographs, will stimulate you to decorate your own table as you follow the seasons. Let yourself be inspired and Bon appétit.
